1. Introduction..no tool makes better nature if same nature don't make that tool: so under that art that, you say, nature gives, there is another art that nature makes. See, sweet girl, if we combine a kind shoot with a wilder plant, and we get hard bark from fine germ: this is art that corrects nature, or rather changes it. Sad this art itself is nature. (1)

2. Aim

To catch the ancient poetic way in performing Art.

Materiam superabat opus [Art crossed material (2)]

3. 2 Thesis, 1 Hypothesis

Thesis:

1-Evocation is a reminiscence process. This happens when we see our just defined and shaped idea in the mirror of History. Our work reaches a delineating contest. These reflected frames may belong to another fields: from Poetry to Music, or Visual Arts, or Architecture, etc. Evocation is something added. 2- Looking at our work, people say:” It seems...”. It is Art.

Hypothesis: Every interpretation we give sets evocation flux. Reminiscence becomes clear using words. Reminiscence is an evocation. This is a generative/evocative process

4. Catalyst

This hypothesis returns in famous tests by Gotthold Ephraim Lessing, by Winckelmann and Goethe about the group of the Laocönte (3)

3. Performing structure and tools

2 - Michelangelo

Michelangelo regarded sculpture as the most important Art.(8)

Michelangelo shaped his own vision of beauty, not only proportions and resemblance, but the shaped image that grows and must be represented, in line with Ficino and Pico della Mirandola.(9)
(9a)

“Un chonchetto di bellezza (a beauty concept)

“Immaginata o uista dentro al core” imagined or seen inside heart)(LX)

The same in Dante:

“cosi come è ditta in cor vo significando”(so as in heart sung I try understanding)

All the incomplete statues Schiavis or Jails represented oppressed bodies, more than from the drawstrings of the imprisonment, from the theirsame internal torment. Slaves or Prisons are Schiavo ribelle, Schiavo morente(1513), Louvre, and L’Atlante, Il barbuto, Il giovane, Lo schiavo che si sveglia (Florence, Galleria Accademia).

It stopped to carving for himself only. The three " Pities ", that of Palestrina (Palazzo Strozzi, Florence), of Florence (Cathedral) and Rondanini (Milan, Castle), that he realized for his grave, in the silence of the house to Macel de' Crows near the column Traiana, those " Pities " that never satisfied him, on which he worked until he died, show how much his sculpture matured and changed together with him, with the events of his life, with the passing of the years. He worked to delineate the imaginary

space of onlookers open or better their transcendental ideas. That was a trend toward abstraction. A big effort to perform visible transcendental values. It was a prelude to Art of tomorrow. He defined sculpture as site of various all around visions. It is possible to shape idea “per forza di levare”(for strength of cutting), that is cutting directly “nella pietra alpestre e dura”(in mountainous hard stone).This is what Bergson (9b) defined:” he believe that is “affection” effect that coming from inside becomes one with what it get of unique and consequently of inexpressible.”On 18 February 1564, at vespers, Michelangelo died. His corpse, as happens saints, was kidnaped and carried to Santa Croce, He left under other things;...another statue principiata (beggined) for Christ and another figure above, attached together and not finished.(9c) This opera testifies that Art is a process, a generative process, in which imagination represents itself starting the heart and interpreting first defines work with mind eye

Temporary cult signs in Japanese village Shinto are shaped for folk cult.

These are generally abstract, sometimes with a strong geometrical character.

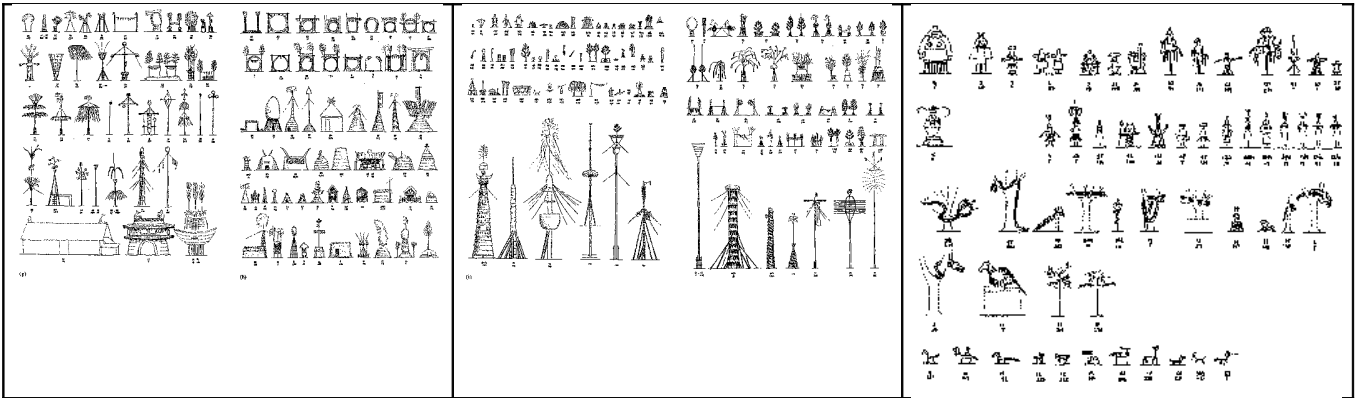

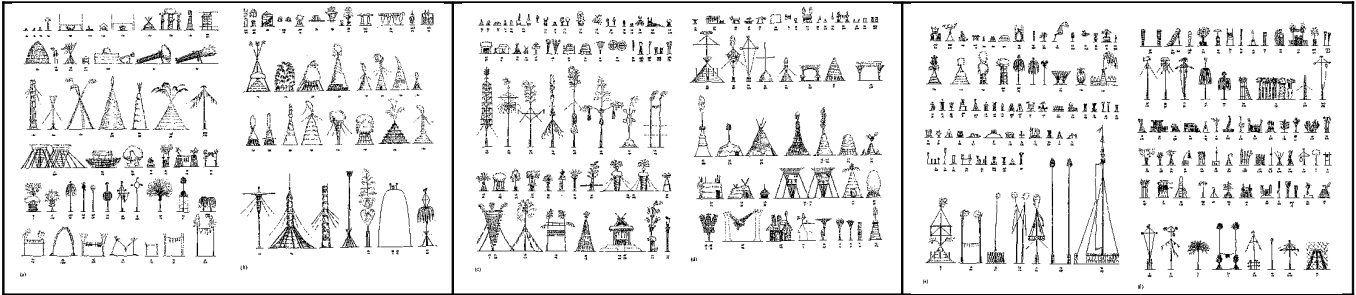

Their function is simply that of a sign, a symbol.

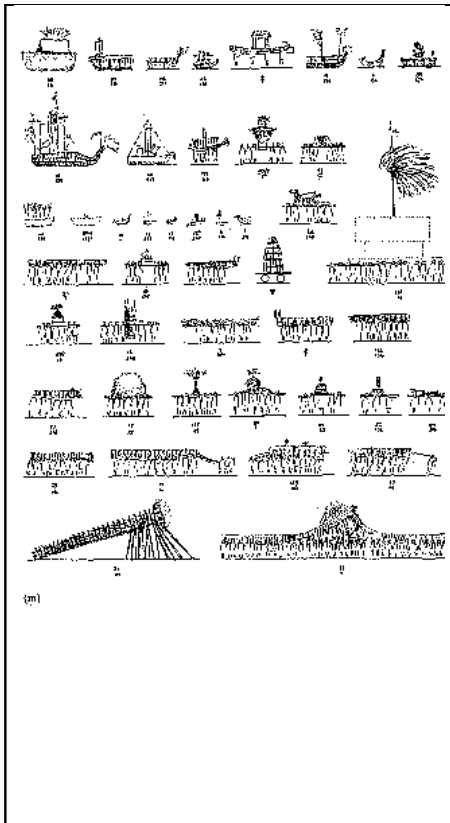

The structure are made of fresh material each year and always in the same configuration.

A generally valid design has been handed down and this can be recognized in most configurations.

The reconstruction of periodically renewed structure with a life of one year reflects the significance of the cultic symbols as an expression of settlement history(10)
